1. ALL PASSENGERS – SPECIAL DIETS

Because we are travelling in remote and distant locations, we are unable to cater for special diets, such as gluten free, coeliac conditions, vegetarian, etc. Our remote destination accommodations have very limited supplies – and these are often compromised. This type of travel may not be for you.

2. FOR INTERSTATE PASSENGERS

If you are booking an airfare to travel to Adelaide for your Air Tour with us, please note the following:

1. DO NOT BOOK any airfare until you have paid a deposit and received confirmation of your booking with us.
2. You should book an interstate airfare that allows for a change in date of travel, both coming into and departing from Adelaide. This may be necessary because of heavy rains, flooding or mechanical problems which may change dates of departure and dates of return. Please note that Dick Lang’s Bush Pilots is not responsible for changes to travel plans.
3. Please do not book an airfare within one hour of arrival or departure of our tour.
